

# **United Phosphorus, Inc.**

Issued Date 08-Feb-2007

Revision Date 04-Jan-2011

**Revision Number:** 9

## **1. PRODUCT AND COMPANY IDENTIFICATION**

**UPI** 630 Freedom Business Center Suite 402 King of Prussia,PA 19406

UPI Company Information

Customer Service

Product Name EPA Reg # Recommended Use Product Code TOPSIN® M WSB 73545-16-70506 fungicide 12-377

## **Emergency Telephone Number**

Chemtrec: (800) 424-9300 (24hrs) or (703) 527-3887 Medical: Rocky Mountain Poison Control Center (866) 673-6671 (24hrs)

Phone Number 1-800-438-6071 610-878-6100 Available Hrs 8:00 am to 5:00 pm EST 8:00 am - 5:00 pm (EST)

## 2. HAZARDS IDENTIFICATION

	Emergency Overview Harmful by inhalation, in contact with skin and if swalld Irritating to eyes May cause thyroid and liver damage based on animal May cause allergic skin reaction	
CAUTION Appearance Light brown.	Physical State Powder.	Odor Slight. Rotten egg-like
Potential Health Effects		
Inhalation Skin contact		
	may cause adverse effects on the liver or thyroid.	
Eyes Skin	May cause slight irritation. Repeated or prolonged skin contact may cause allergic	c reactions with susceptible persons.
Inhalation Ingestion	Slightly toxic if inhaled. May be harmful if swallowed.	

## **3. COMPOSITION/INFORMATION ON INGREDIENTS**

## **Ingredients Name**

Chemical Name	CAS-No	Weight %	OSHA PEL
Thiophanate-methyl	23564-05-8	72	N/A

4. FIRST AID MEASURES
-----------------------

Eye Contact	Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
Skin Contact	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.
Inhalation	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artifical respiration. Call a poison control center or doctor for further treatment advice.
Ingestion	Call a physician or Poison Control Center immediately Have person sip a glass of water if able to swallow Do not induce vomiting unless told to do so by a poison control center or doctor Never give anything by mouth to an unconscious person
Notes to Physician	No information available

## 5. FIRE-FIGHTING MEASURES

Flammable Explosive Properties

Flash Point Autoignition Temperatur	e	Not available Not available	
Flammability Limits in Ai	r	Not available	
Extnguishing Media		Use: Water spray, Carbon dioxide (CO2),	Foam, Dry chemical.
Fire/Explosion Hazard		Firefighters and others who may be expos combustion should wear full fire fighting tu contained breathing apparatus. Fire fightin thoroughly decontaminated after use.	rn out gear and self-
Hazardous Combustion	Products	No information available.	
NFPA	Health 1	Flammability 0	Instability 0
6. ACCIDENTAL RELEASE MEASURES			

**Environmental Precautions** Consult a regulatory specialist to determine appropriate state or local reporting requirements, for assistance in waste characterization and/or hazardous waste disposal and other requirements listed in pertinenet environmental permits.. Do not flush into surface water or sanitary sewer system.

Avoid contact with skin, eyes and clothing. Ensure adequate ventilation.

Methods for Clean-up Sweep up and shovel into suitable containers for disposal.

7. HANDLING AND STORAGE

HandlingAvoid breathing dust. Keep out of reach of children. Wash thoroughly after handling. . Do not<br/>eat, drink or smoke when using this product. In case of insufficient ventilation, wear suitable<br/>respiratory equipment.

Storage

**Personal Precautions** 

Store in cool/well-ventilated place.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure Guidelines	This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.
Engineering Controls	Investigate engineering techniques to reduce exposures. Local mechanical exhaust ventilation is preferred. Consult ACGIH ventilation manual or NFPA Standard 91 for design of exhaust systems.
	PESTICIDE APPLICATORS & WORKERS. THESE WORKERS MUST REFER TO PRODUCT LABELING AND DIRECTIONS FOR USE IN ACCORDANCE WITH EPA WORKER PROTECTION STANDARD 40 CFR PART 170
Personal Protective Equipment Eye/face Protection Skin Protection Respiratory Protection	Goggles. Avoid contact with eyes. Rubber gloves. Wear protective gloves/clothing. Socks and footwear. Where airborne exposure is likely, use NIOSH approved respiratory protection equipment appropriate to the material and/or its components. Full facepiece equipment is recommended and, if used, replaces need for face shield and/or chemical goggles. If exposures cannot be kept at a minimum with engineering controls, consult respirator manufacturer to determine appropriate type equipment for given application. Observe respirator use limitations specified by NIOSH or the manufacturer. For emergency and other conditions where there may be a potential for significant exposure, use an approved full face positive-pressure, self-contained breathing apparatus. Respiratory protection programs must comply with 29 CFR 1910.134.

#### **General Hygiene Considerations**

Handle in accordance with good industrial hygiene and safety practice

#### 9. PHYSICAL AND CHEMICAL PROPERTIES

- Appearance Physical State Boiling Point/Range Specific Gravity Evaporation Rate Vapor Density Viscosity Bulk Density Percent Volatiles
- Light brown Powder Not available Not available Not available Not available No data available Not available
- Odor pH Melting Point/Range Solubility Vapor Pressure VOC Content Molecular Weight Percent Solids
- Slight Rotten egg-like No data available 172°C Insoluble 7.12 X 10-8 mmHg(tech) Not available No data available Not available

## **10. STABILITY AND REACTIVITY**

Stability	Stable under recommended storage conditions
Conditions to Avoid	No information available.
Incompatible Materials	Strong oxidizing agents.
Hazardous Decomposition Products	No information available.
Possibility of Hazardous Polymerization	Hazardous polymerisation does not occur

## **11. TOXICOLOGICAL INFORMATION**

**Acute Toxicity** 

Product Information	Single exposure studies indicate: Oral: Practically non-toxic to rats (LD50 >5,000 mg/kg) Dermal: No more than slightly toxic to rabbits (LD50 >2,000 mg/kg) Inhalation: SLightly toxic to rats (4 hr LC50 1.8 mg/l) Skin Irritation: Non-irritating to rabbits Eye Irritation: Non-irritating to rabbits Skin allergy was observed in guinea pigs following repeated exposure. Repeated or long-term oral administration produced effects on the thyroid, liver or kidneys in rats, mice and dogs. An increased incidence of liver tumors was observed in mice and thyroid tumors were observed in male rats following long-term oral exposure. No effects were seen on the ability of male or female rats to reproduce when exposed orally for 2 successive generations. No birth defects were observed in the offspring of rats exposed orally during pregnancy. In rabbits, developmental effects were noted only at maternally toxic doses. No genetic changes were observed in tests using animal cells.
---------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

#### **Chronic Toxicity**

There are no known carcinogenic chemicals in this product

#### Carcinogenicity

## **12. ECOLOGICAL INFORMATION**

## Ecotoxicity

This material is practically non-toxic to carp(95 hr LC50 >100 mg/l), and fiddler crab (96 hr LC50 >560 mg/l). It is slightly toxic to bluegill (96 hr LC50 15.8 mg/l), Daphnid (48 hr EC50 15.6 mg/l) and shrimp (96 hr LC50 25.1 mg/l). It is moderately toxic to trout (96 hr LC50 2.2 mg/l) and oysters (96 hr LC50 2.2 mg/l) and oysters (96 hr LC50 4.6 ppm) and highly toxic to catfish..

#### **13. DISPOSAL CONSIDERATIONS**

Waste Disposal Method	Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If the wastes cannot be disposed of by use or according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance Can be disposed as waste water, when in compliance with local regulations.
Contaminated Packaging	Non refillable container. Do not reuse this container Offer for recycling, if available or, dispose of the empty outer foil pouch in the trash as long as WSP is unbroken

#### **14. TRANSPORT INFORMATION**

DOT		When shipped in packages greater than 15 lbs the following descriptions applies:
	Proper Shipping Name	Environmentally hazardous substances, solid, n.o.s. (Thiophanate methyl)
	Hazard Class	9
	UN-No	UN3077

	14. TRANSPORT INFORMATION
Packing Group	PG III
Reportable Quantity (RQ):	10 lbs (Thiophanate methyl)
<u>40</u>	
UN-No	UN3077
Proper Shipping Name	Environmentally hazardous substance, solid, n.o.s (Thiophanate methyl)
Hazard Class	9
Packing Group	PG III
<u>[A]</u>	
UN-No	UN3077
Proper Shipping Name	Environmentally hazardous substances, solid, n.o.s. (Thiophanate methyl)
Hazard Class	9
Packing Group	PG III
ERG Code	9L
DG/IMO	
Proper Shipping Name	Environmentally hazardous substances, solid, n.o.s. (Thiophanate-methyl)
Hazard Class	9
UN-No	3077
Packing Group	PG III

## **15. REGULATORY INFORMATION**
